Proceeds will help provide Police and Service Dogs for our First Responders and Veterans. The service and support these dogs provide to our First Responders and Veterans is beyond measure. Sadly, hundreds of Police Dogs are injured and killed in the Line of Duty yearly. Training of Police Dogs is not only costly but time consuming; therefore, there is an inadequate number of dogs ready to fill in the gaps and many K-9 handlers are left partnerless. Due to the prevalence of PTSD and mental illness among our Veterans there is an increasingly widespread want/need/demand for well-trained dogs to help improve their lives. Service and Police Dogs don't work for money or benefits They work purely for love!
